

G-QRP Club Special Sales

Cost

These are items sent in by members that they will never use.

The majority of items are brand new and unused old stock.

This is a service for G-QRP Club members only

Postage is £1.20 per order unless the item has a * by it, then it will be £3.50 due to size.

Postage for EU and DX is £3.50/£4.50 and £4.00/£5.50 respectively, for non * items.

Orders for these parts can be included in a normal club sales order of course.

Crystals -

HC6/U pins - 46.7MHz; 49.713MHz; 47.50MHz; 48.667MHz; 48.867MHz. (All overtone) 50p each
4550kHz; 5500kHz

FT243 - 2800kHz; 7500kHz £1 each

Transistors - *all are unused new old stock*

2N4033 TO5 pnp	10 for 50p
BC107 TO18 npn	10 for 50p
ZN460 TO5 8 pin Ultra low noise wideband preamp	50p each
NTK217 metal Ge pnp	10 for 50p
2S327/18 TO18 pnp	10 for 50p
PN3563 TO92 npn RF amp to VHF	10 for 50p
BC327-16 TO92 pnp	10 for 50p
BFR81 TO92 pnp	10 for 50p
40822 TO18 dual gate MOSFET 150MHz (RCA)	50p each
IRFP450 power N chan MOSFET 500V	50p each
MTP10 T-MOS N channel FET 400V	25p each
2SC1923 npn TO92 RFamp	10 for 50p
2N3964 pnp TO18 general purpose	10 for 50p
2N4922 npn audio power TO225	5 for 50p
MPSA92 pnp	10 for 50p
BCY78 pnp low noise audio	10 for 50p
2N2907A pnp small switching transistor	10 for 50p
2N3440 npn 250V – on hold at the moment – I've lost them!!	10 for 50p
BF256 N channel JFET	25p each
MPF102 N channel JFET (limited quantity)	25p each
MV209 Varicap – approx. 5 to 32pF (very limited quantity)	50p each
BF988 dual gate MOSFET (very limited quantity)	50p each
BFY52 npn (limited quantity)	5p each
11DQ04 40v 1.1A diodes	8p each
3C91C opto-isolators	50p each
Motorola MRF433 NPN power transistor (we were given these a long time ago by an overseas member who posted them and put the real value on the customs form. Hence the price – sorry!) They are brand new and genuine.	£3.00 each

Limited quantity means just that – don't ask for more than 2 of these please.

Very limited quantity means just that – don't ask for more than 1 of these please.

Orders for greater than 20 of any item will be limited to 20. I have better things to do than count these out.

If you have a good reason for more than these limits, then please explain!!

Updated 11 January 2021

Filters -

Cathodeon BD86662 BP4300-61 ; 1.4MHz ; 300Hz bandwidth* (I have 3 of these)	£2.00
Murata CFS455J – these are +/-1.5kHz bandwidth (I now have about 50 of these)	£0.50
Max of 2. Donated by Tim Walford – thanks Tim	
Matsushita EFC-L455K SOLD NOW	
muRata YFL-455E (I have 4 of these)	£2.00

Mini Circuits and other mixers -

SRA-1 (used but looks ok)	£2.00
MCL TAK-893	£2.00
TEW 4F – MF82UB6	£1.00
MCL TMOT2.5-6	£1.00

(NB – all the above mainly appear to be unused N O S.

Specialised ICs

SL560C	£2.00
NE555P	25p
SL6440C (very limited quantity now)	£2.00
SP8690B	£2.00
SP6690C	£2.00
TCA440 (very limited quantity now)	£1.00
LM380 (14 pin DIL)	25p
LM324 (14 pin quad op amps)	25p
CA748 (8 pin DIL)	10p
CA723 (14 pin DIL)	10p
TDA1072A (16 pin DIL) (Thanks to Lee)	£2.00
MC1496 (14p DIL) (very limited quantity now)	£1.00 each

Useful things

Trifilar transformers by Ashar Farahan – limited quantity. The toroid is probably FT37 size and the wire is approx. 26SWG.
max of 4.
Thanks to Farhan VU2ESE

50p each

RF Transformer PE-64931 as used in the Super Sudden - Sprat 181

£1.00 each

Thanks to Tex for these

New (N.O.S.) octal valve holders*

10p each
(Postage
Is £3.50 for
any
quantity)

Thanks to Steve for these

Updated 19/12/20

More useful things

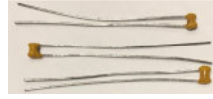

Capacitors etc.

These are useful and cheap. This does not mean that you can order large numbers.

Orders for greater than 20 of each will be limited to 20.

If you really need more than 20 – then tell me why!

10nF capacitors

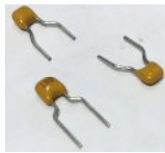

20 for 20p

1nF capacitors

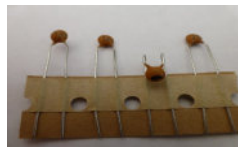

20 for 20p

10nF capacitors 100v 0.2" spacing

20 for 20p

3.3pF capacitors NPO

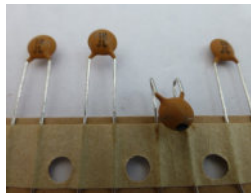

4.7pF capacitors NPO

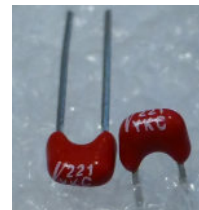

20 for 20p

12pF capacitors NPO

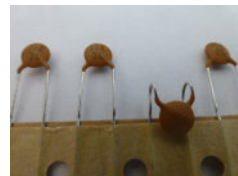

220pF capacitors

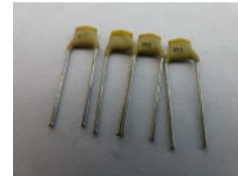

20 for 20p

1000pF capacitors

1500pF capacitors

20 for 20p

15uF 25v tantalum capacitors

3 for 10p

Test points (I think) about 10mm long

20 for 10p

(I am not counting these out – I will send what looks like about 20)
